THURSDAY EVENING, NOV. 21, 1907.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 6:50 a. m. and sets at 4:45 p. m. High water at 9:27 a. m. and 9:37 p. m.

Weather Probabilities.

For this section rain tonight. Friday fair, slightly colder; southerly winds, shifting to southwesterly and increasing.

INVESTIGATING ACCIDENT.

The officials of the new terminal station in Washington have as yet been unable to fix the responsibility for the collision between two trains of the Southern Railway near the southern end of the terminal tunnel on Tuesday evening, when twenty people were injured. They maintain, however, that the switches at the northern end of the terminal were tampered with by an unauthorized person, so that the south-bound train was started out on the wrong track and directly in the path of the incoming express. The officials, however, do not believe that the switch was thrown with malicious intent. Because of the unfinished state of the construction about the terminal, several hundred employees of the different contractors are about the yards at all hours. It is quite probable that one of this number might have thrown the switch lever.

The railroad officials say that portion of the tunnel where the switches are located is in total darkness, and that it would be impossible for the engineer of a train to tell what tracks his engine was being switched, as none are familiar with the new route. For that reason Engineer Mitchell, of the south-bound train was unable to tell that he had been switched to the north-bound track, and accordingly allowed his train to continue through the tunnel. Because of several curves none of the trains are able to go at full speed while in the tunnel and this reason alone prevented a more disastrous wreck. Notwithstanding that the greater portion of those who were injured are still confined to the hospital none are reported as being in a serious condition, and all are said to be recovering rapidly.

WILL NOT BID.

Some time since Mr. Arthur Bryant petitioned the City Council to sell him a part of the property near the old canal locks, belonging to the city, on which he proposed to erect a manufacturing plant. The matter was referred to the proper committee and Mr. Bryant applied to the Southern Railway officials to lay a switch upon the ground in case he became the purchaser. Today the members of Council received the following communication from Judge J. K. M. Norton, attorney for Mr. Bryant:

I am instructed by Mr. Arthur Bryant to say that he was informed by the railroad that they could not put a switch into the property, which is advertised by the city for sale. This makes it impossible for Mr. Bryant to utilize the property for the purpose he had intended, and so he will not be able to submit any bid for the said property.

ASSAULT AND ROBBERY.

Cries of murder and police were heard shortly before twelve o'clock last night in the northern section of the city, and Lieutenant Betts and Officers Ferguson and Beach repaired to the locality from which the cries were heard and ascertained that a colored man named Thomas Olden, a well known drayman of this city, had been assaulted and robbed of some other money. Olden alleged that some Olden, a well known drayman of this city, had assaulted and robbed him, and later Olden and a young colored woman named Jennie Johnson, who it appeared, had received part of the money, were taken in custody by the officers. Olden was brought before the Police Court this morning, and on the evidence of the Johnson woman and the victim of the assault and robbery, was fined \$50 and sent to jail for six months.

CHILDREN INJURED.

Two children of James Thomas, colored, living on west Duke street, were seriously injured on Tuesday by the explosion of a railroad torpedo with which they were playing. Thomas is a freeman on the Southern Railway, and the child he it is supposed, took the torpedo from his trunk. Dr. A. B. Penn, who was in the neighborhood at the time, was summoned to attend the children. The right eye of one of them was seriously injured so much so that it is feared the sight has been destroyed. The lid and part of the flesh extending to the forehead was literally blown off. One of the legs of the other child was seriously injured.

RIVER NOTES.

Steamers which arrived at this port this morning reported nothing in the river worthy of note. Several barges, bound to this port or Washington, are in the river.

The schooner Sidonia Curley is being loaded with glassware for Norfolk by the Old Dominion Glass Company.

The schooner Columbia, F. C., from Great Wicomico, with wood for Charles King & Sons, has arrived.

A heavy fog prevailed on the river during most of the morning which interfered considerably with navigation.

MARRIAGE LICENSES.

Marriage licenses were issued in Washington yesterday to Frank D. Pollard, of Alexandria, and Violetta Spencer, of Washington; John K. Biedler and Mary A. Putnam, both of Winston; J. Arthur Baum and Minnie B. Shry, of Taylorstown; Henry D. Miller and Rebecca Holmes, both of Alexandria; Henry L. Carter and Eva M. Howard, both of Richmond, and to David A. Alther, of Elwood, and Rachel E. Griffin, of Fredericksburg.

MR. BRYAN'S LECTURE.

All arrangements have been made for the lecture of Mr. William J. Bryan in the Opera House tomorrow night. As has heretofore been stated, many tickets have been sold, especially those for reserved seats. Mr. Bryan's lecture for the most part will be his observations on his world-circling trip, and of course, will be interesting and instructive. The proceeds of the lecture will be devoted to the work to be conducted in the George R. Hill Memorial Hall when that edifice shall have been completed.

Rev. Mr. Bull called on Mr. Bryan in Washington this morning, and talked over the plans for the lecture and reception. The patrons of the lecture who wish to attend the reception will repair to the Young Peoples' building immediately after the lecture. When they have been admitted the public will be admitted. Mr. Bryan expressed his pleasure at the prospect of meeting the people of Alexandria, who may desire to attend the reception.

POLICE COURT.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Adeline Davis, colored, charged with using threatening language toward Fannie Watson, also colored, was dismissed.

Toots Olden, colored, charged with assaulting and robbing Thomas Colbert, also colored, was fined \$50 and sentenced to jail for six months.

Robert James, colored, charged with assaulting Lucy Jackson, also colored, was dismissed, the complainant failing to appear.

Peter McAhee, colored, charged with assaulting James Coleman, also colored, was dismissed.

PERSONAL.

Misses Marian Bryant, Kate Smoot, Clarence Snowden and Mary Snowden will serve tea at the Golf Club House tomorrow evening from 3 to 5 o'clock.

Biliousness and Constipation.
For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally. — Mrs. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Oughton & Co.

A Criminal Attack
on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It is generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. See all drug stores.

All want the best. The Hicks, Walk Over, Red Cross, and Queen Quality Shoes are to be had at J. A. Marshall & Bro's., 422 King street. nov21 tf

LOCAL BREVITIES.

The gas lamp at Cameron and Payne streets was burning between 11 and 12 o'clock today.

Rain set in last night and it has continued to fall most of the day. A thick fog has hung over the river.

Prof. H. L. Hildebrand, of Baltimore, will give an entertainment for the benefit of the Baptist Mission at the Lyceum Hall tonight.

Eddie Scrivener fell from an elevator at the lumber yard of Mr. H. K. Field, this evening and broke his arm and sustained other injuries.

John Ryan and Harvey Robinson engaged in a fight in a north Fairfax street saloon this morning. The combatants were arrested by Lieutenant Smith and Officer Roberts.

The first rehearsal by those who will give a minstrel performance for the benefit of the Old Dominion Boat Club this winter will be held at Lee Camp Hall on Tuesday night next, the 26th inst.

Miss Caroline W. Morgan, daughter of former District Commissioner Morgan, died at Garfield Hospital, in Washington, yesterday after a brief illness. She had a number of friends in this city, who will regret to learn of her death.
